Mixing trailers and tanks

630L Chemical mixing trailer
*Available in 2" or 3" pipe system

- Includes a 4m suction hose with aluminium quick couplers
- 10m heavy duty lay flat delivery hose with quick couplers
- Anjet filter system (200 micron)
- 6HP Subaru/Robin petrol engine - pump combination (on 3" system)
- 4.5HP Subaru/Robin petrol engine - pump combination (on 2" system)
- 2 X splash plates
- Chemical container washer
- Toolbox

1100L Chemical mixing trailer
*Available in 2" or 3" pipe system

- Includes a 4m suction hose with aluminium quick couplers
- 10m heavy duty lay flat delivery hose with quick couplers
- Anjet filter system (200 micron)
- 6HP Subaru/Robin petrol engine - pump combination (on 3" system)
- 4.5HP Subaru/Robin petrol engine - pump combination (on 2" system)
- 2 X splash plates
- Chemical container washer
- Toolbox

1100L Static chemical mixing
*Available in 2" or 3" pipe system

- Includes a 4m suction hose with aluminium quick couplers
- 10m heavy duty lay flat delivery hose with quick couplers
- Anjet filter system (200 micron)
- 6HP Subaru/Robin petrol engine - pump combination (on 3" system)
- 4.5HP Subaru/Robin petrol engine - pump combination (on 2" system)
- 2 X splash plates
- Chemical container washer

Portable hand sprayers

50L 12 volt quad bike sprayer

Tank dimensions

- L 670mm; W 390mm; H 270mm (330mm with lid)
- Comes with 6m hose, hand held sprayer and 2m electric cord

Pump specifications

- Volt: 12DC
- Ampere: 7amps
- Pressure max: 4 bar
- Flow rate: 5.3L/min
- Duty cycle: Depends on pressure setting/ambient temperature

100L 12 volt quad bike sprayer

Tank dimensions

- L 790mm; W 470mm; H 380mm (420mm with lid)
- Comes with 6m hose, hand held sprayer and 2m electric cord

Pump specifications

- Volt: 12DC
- Ampere: 7amps
- Pressure max: 4 bar
- Flow rate: 5.3L/min
- Duty cycle: Depends on pressure setting/ambient temperature

Weedpack replacement nozzle

- Adjustable x26 cone jet nozzle with 30° offset from horizontal
- Viton seals suitable for a wide variety of chemicals
- Strong corrosion resistant 600mm stainless steel lance
- For 8mm hose

Products | **Agricultural - chemical**

12 Volt chemical/water pressure pumps

FL2202 pump

- Volt: 12DC
- Ampere: 1.7amps
- Pressure max: 2.4 bar
- Flow rate: 3.8L/min
- Duty cycle: Intermediate

DP60 pump

- Volt: 12DC
- Ampere: 3-7amps
- Pressure max: 4.2 bar
- Flow rate: 5.3L/min
- Duty cycle: Depends on pressure setting/ambient temperature

FL35 pump

- Volt: 12DC
- Ampere: 7amps
- Pressure max: 2.4 bar
- Flow rate: 12.5L/min
- Duty cycle: Intermediate

FL40 pump

- Volt: 12DC
- Ampere: 8amps
- Pressure max: 2.2 bar
- Flow rate: 17.5L/min
- Duty cycle: Intermediate

DP5112 pump

- Volt: 12DC
- Ampere: 8-13amps
- Pressure max: 4.2 bar
- Flow rate: 20L/min
- Duty cycle: Depends on pressure setting/ambient temperature

DP 16002-A 12

- Volt: 12DC
- Ampere: 4-6.5amps
- Pressure max: 8 bar
- Flow rate: 6-9L/min
- Duty cycle: Intermediate
